Norfolk Freedom Point Memorial

The Norfolk Freedom Point Memorial is a community driven project dedicated to honoring the men and women who have served — and continue to serve — the United States of America. More than a monument, Freedom Point is envisioned as a place of reflection, education, and unity, designed to stand as a lasting reminder of the sacrifices made in defense of our freedoms.

The construction and long-term preservation of the Norfolk Freedom Point Memorial is made possible entirely through community support, donations, and fundraising efforts. This is not a project built by a single organization or individual — it is a shared endeavor that reflects the values and gratitude of the entire Norfolk community.

A primary fundraising component of this effort is the sale of commemorative brick pavers, which will be permanently installed within the memorial grounds. These engraved bricks allow individuals, families, businesses, organizations, and civic groups to leave a lasting mark while directly supporting the memorial's construction and maintenance.

Each brick becomes part of the memorial's foundation — both literally and symbolically — representing a personal connection to the values of service and remembrance.

Commemorative Brick Program

Donors are invited to purchase a personalized commemorative brick engraved with a message of their choosing.

Engraving options may include:

- The name of a veteran or active-duty service member
- A fallen hero or loved one
- Family names or multi-generational recognition
- Military branch or years of service
- A business, organization, or civic group
- A short message of honor, remembrance, or patriotism

Every donation, every engraved brick, and every name placed within the memorial contributes to a legacy that will outlive us all. Through this shared effort, Norfolk Freedom Point Memorial will stand as a reminder that freedom is remembered, honored, and never taken for granted.

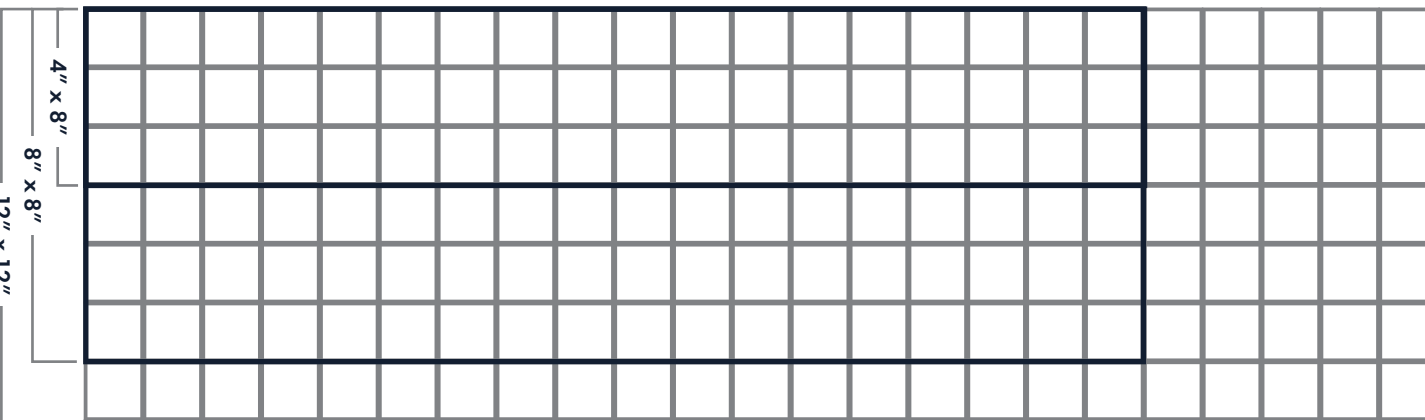

Brick Options:

4" x 8" Brick.....\$100
3 LINES, 18 CHARACTERS PER LINE
